Section VI: Complementary information

VI.3) Additional information:

The Contracting Authority may wish to make goods and services available to potential framework users via e-catalogues or e-procurement systems or portals. Electronic ordering, electronic invoicing and electronic payment may therefore be utilised.

Northern Procurement Group Limited (who are a subsidiary of Dukefield Limited) acted as agents of Contracting Authority in the development of this framework and will act as framework contract managers throughout the term of the framework. The Contracting Authority used an e-tendering system to conduct the procurement exercise. The value of the framework provided within this notice is only an estimate and the Contracting Authority will not guarantee any business through this framework agreement.

The Contracting Authority has established a Framework Agreement open for use by all Public Sector Bodies as stated within the notice.

The framework agreement commenced its initial three year on 23rd April 2018.

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures:

Crescent Purchasing Consortium incorporated a minimum 10-day standstill period at the point information on the award of contract was communicated to tenderers. The standstill period expired without receipt of any formal challenge to the award.

Should an appeal regarding the award of the contract be made, the Public Contracts Regulations 2015 provide for the aggrieved parties who have been harmed or who are at risk of harm by the breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any action must be generally brought within 3 months. If a declaration of ineffectiveness is sought, any such action must be brought within 30 days where the Contracting Authority has communicated the award of the contract and a summary of reasons to tenderers, or otherwise within 6 months of the contract being entered into. Where a contract has not been entered into, the Court may order the setting aside of the award decision or order the Contracting Authority to amend any document and may award damages. If the Contract has been entered into the Court may, depending on the circumstances, award damages, make a declaration of ineffectiveness, order the Contracting Authority to pay a fine, and/or order that the duration of the contract be shortened. The purpose of the standstill period referred

to above was to allow the parties to apply to the Courts to set aside the award decision before the contract was entered into.
